

# 2011 Sale a Success!

Thank you for making our 2011 Open House Private Treaty Sale a huge success! Several customers purchased multiple bulls from the fall selection with 22 lots averaging \$2870. First time buyers, Larry and Becky Harp of Green Forest, ARK., took home three herd sires and won the commercial heifer! And Glen McElwain, Butler, MO, purchased the top two fall bulls. The two outstanding sons of B/R New Frontier 095 together totaled over \$9000.

Bidding was just as active on an outstanding set of yearling bulls that averaged \$2700 with the top selling lot going for \$4800. High Selling Bull went to long-time Angus breeder and repeat buyer Glenda Farms, Leon & Glenda Kleeman, Miller, MO. The Spur Success 2801 son had a 74 lb. BW, 1518 lb. YW and 19.1 REA with a 4.85% IMF. The Kleemans applied their 2010 MCA's Foundation and PAC auction voucher, made possible by Briarwood's donation of a bull credit to last December's fundraiser.

Second High Bull was a spring yearling son of a previous BWF sale topper, SCAR Super Briarwood 7145 and out of a B/R New Design 036 daughter. He had a 1492 lb YW with 18.4 REA and 4.47% IMF. Purchased by Springhaven Farm Ken & Correlia Anderson, Belton, MO.

An offering of 30 female lots quickly found homes with both repeat buyers and brand new customers. Clark McGinnis of Pleasanton, KS purchased nine lots to be the volume buyer of the day. Robert Laughlin of Foster, Mo, took home the leading female lot at \$2050. The High Selling female was a Perry Power Design 715 daughter with a 3-day-old calf out of Briarwood Super 7093.

Again, thank you to all of our customers and friends. We count it a privilege to work all year long to bring you our best. Remember, we're in this for the "Long" Haul.

Best Regards,  
Dr. Curtis W. & Ann Long  
David Warfield
